### About Catholic Schools Week

For SJHS, Catholic Schools Week is a time to recognize how much our Catholic identity - our Catholic tradition - weaves itself into the fabric of life here at St Joes.

Our 2019 Catholic Schools Week will celebrate our school's diversity on SJTV, in our classrooms, and in the cafeteria. We will hold a school wide Mass with an international flair and end Catholic Schools Week with a potluck festival to celebrate the Chinese New Year and African-American History Month.

The word Catholic means open to all truth. During the week we may well learn that the larger truth of the Church is bigger than we had imagined.
